

## 失去才懂珍惜，Apache Ambari 项目即将重启，再次进入 Apache 孵化器

今年的1月份，Cloudera 的工程师、Apache Ambari PMC 主席 Jayush Luniya 曾经给社区发了一份提议[将 Apache Ambari 一定 Attic 的邮件](#)。原因是在过去的两年里，Ambari 只发布了一个版本（2.7.6），大多数提交者（Committer）和 PMC 成员都没有积极参与到这个项目中来。按照 Apache 的项目生命周期（<https://attic.apache.org/process.html>），其应该是 reached its end of life；所以需要将其从 Apache 项目移到 Apache Attic 项目中。

在大数据圈里，熟悉和使用 Apache Ambari 的大有人在，很多公司都使用它来进行 Hadoop 的集群管理和监控。虽然说 Apache Ambari 终止维护后，我们还是可以使用它，但是后面遇到问题社区是没人帮忙解决的，需要自己维护，而且社区里面已经没其它开源的方案可以替代。在过去的近半年的时间里，相关社区成员进行了大量讨论，很多成员都觉得重启 Apache Ambari 很有必要。

于是在2022年6月10日，来自 Pivotal 的 Roman Shaposhnik（同时也是 Apache Bigtop 创建者），给社区发了一份名为《Rebooting Ambari PMC via board resolution》的邮件（参见[这里](#)），这也意味着 Apache Ambari 将从 Apache Attic 项目中移除，再次进入到 Apache 孵化项目中。

## Rebooting Ambari PMC via board resolution

Posted to [general@incubator.apache.org](mailto:general@incubator.apache.org)

Roman Shaposhnik – 2022年6月10日星期五 GMT+8 17:50:35

Hi!

after a few discussion with interested community members it now seems that a board resolution for rebooting Apache Ambari PMC may be the quickest and most convenient option. Since the initial PMC are all (more or less) ex-Ambari folks AND they all happen to be ASF members -- I don't see any issue with it. Unless there are any major objections here's what I'm going to submit.

### A. Establish the Apache Ambari Project

WHEREAS, the Board of Directors deems it to be in the best interests of the Foundation and consistent with the Foundation's purpose to establish a Project Management Committee charged with the creation and maintenance of open-source software, for distribution at no charge to the public, related to Hadoop cluster management.

NOW, THEREFORE, BE IT RESOLVED, that a Project Management Committee (PMC), to be known as the "Apache Ambari Project", be and hereby is established pursuant to Bylaws of the Foundation; and be it further

RESOLVED, that the Apache Ambari Project be and hereby is responsible for the creation and maintenance of software related to Hadoop cluster management; and be it further

RESOLVED, that the office of "Vice President, Apache Ambari" be and hereby is created, the person holding such office to serve at the direction of the Board of Directors as the chair of the Apache Ambari Project, and to have primary responsibility for management of the projects within the scope of responsibility of the Apache Ambari Project; and be it further

上面邮件其实是重新成立 Apache Ambari PMC 的董事会，同时重启 Apache Ambari 项目。新的 Apache Ambari PMC 成员如下：

- Atri Sharma (atri)
- Devaraj Das (ddas)
- Evans Ye (evansye)
- Uma Maheswara Rao G (umamahesh)
- Roman Shaposhnik (rvs)

Roman Shaposhnik 也担任 Apache Ambari 的副总裁，依照并服从董事会和基金会章程的指示，并对 Apache Ambari 项目责任范围内的项目管理负有主要责任；PMC 成员负责创建和维护 Apache Ambari 开源软件，并向公众免费分发。当前 Apache Ambari 项目的首要任务是离开 Attic，并恢复正常的项目状态，包括可以提交 PR。

Apache Ambari 的重启来之不易，其终止生命的原因是社区不活跃导致的，所以这次重启之后，建议大家踊跃贡献，使其发展的更好。
